

## **COVID-19**

Here at French Holidays + your enjoyment and safety are of paramount concern.

Our rooms, common areas and studio are always rigorously cleaned before your arrival. Door handles, light switches and other common points of contact are disinfected regularly throughout the day. Masks and sanitizer gel are available throughout.

Your meals are prepared with the care and cleanliness we have always taken, and your wine continues to come in sealed bottles.

We are isolated here and with a few simple precautions we are confident that if you arrive well, you'll leave well.

In between, you'll have a fantastic time.

If you need to change your travel plans inside the 90 day period before your holiday, we will not treat this as a cancellation but rather hold your holiday open until the end of 2021 at current prices. For holidays starting between July and September, we will not request balance payments until a week before your holiday begins.

If you have any questions, please contact us.
